Subject: Children and TV

FCC Commissioner Michael J. Copps

Dear FCC Commissioner Michael J. Copps,

I urge the FCC to consider the distinct needs of children in its upcoming rulemaking on broadcast ownership rules.

Children consume almost five and a half hours of media per day. Research has shown that media, particularly television, play a unique and powerful role in the development of children.

The relaxation of media ownership rules will result in significantly less original programming for children. Relaxation also will reduce competition, potentially stifling innovation and increasing commercialism in children's programming.

Before making any regulatory changes to existing media ownership rules, the FCC must consider how children will be affected.

Sincerely

Chris Krackeler

Subject: FCC don't allow media monopolies

Dear Commissioner:

One of the basic elements which help to keep the American media at least partially free and independent is the set of FCC regulations restricting consolidation and monopolies.

In the 2002 Biennial Review, the FCC appears to be planning to roll back many of these protective regulations: the Newspaper/Broadcast Cross-Ownership Rule, the National Broadcast Ownership Cap, the Local Radio Ownership Rule, the Duopoly Rule and the Dual Network Rule.

Relaxation or abandonment of the preceding rules will result in the purchase of local and independent newspapers and radio and television stations by large media giants. The cost to the American People and Democracy will be far too high if local news, reportorial freedom and access to a true variety of legitimate views are further compromised.

Commissioner, I urge you to make sure the FCC does not relax or drop these vital regulatory rules.

Sincerely,

Jacquelyn Masur McElhaney

The Federal Communications Commission is considering taking actions that will restrict consumer choice by deregulating local phone service.

Millions of Americans like me could have their phone service threatened if the local phone companies arent required to allow competitors access to the market. Im also concerned about the Commissions move to relieve all broadband Internet access facilities of open access obligations.

Both of these key decisions will limit my choices as a consumer by lessening competition, diminishing cost savings and threatening consumer protections. As a constituent, I urge you to support competition and open access for local phone service.

Sincerely,

Jerry Grant Smith

Dear Commissioner:

One of the basic elements which help to keep the American media at least partially free and independent is the set of FCC regulations restricting consolidation and monopolies.

In the 2002 Biennial Review, the FCC appears to be planning to roll back many of these protective regulations: the Newspaper/Broadcast Cross-Ownership Rule, the National Broadcast Ownership Cap, the Local Radio Ownership Rule, the Duopoly Rule and the Dual Network Rule.

Relaxation or abandonment of the preceding rules will result in the purchase of local and independent newspapers and radio and television stations by large media giants. The cost to the American People and Democracy will be far too high if local news, reportorial freedom and access to a true variety of legitimate views are further compromised.

Commissioner, I urge you to make sure the FCC does not relax or drop these vital regulatory rules.

Sincerely,

Judi Poulson

Subject: FCC promote media diversity

Dear Commissioner Powell:

Numerous reports agree that the Federal Communications is planning to loosen longstanding rules governing control of the media that bring news and views to the American public. This will inevitably lead to monopoly, by a few large corporate giants, of TV stations, newspapers, and broadcast networks.

I urge you, Commissioner Powell, to halt immediately any implementation of these these FCC plans that threaten public access to diverse views and information

Sincerely,

Judi Poulson
